

SARCOF 33

PERFORMANCE AND REVIEW OF THE 2025/26 RAINFALL SEASON

SOUTHERN AFRICAN DEVELOPMENT COMMUNITY
CLIMATE SERVICES CENTRE

SADC Climate Services Centre

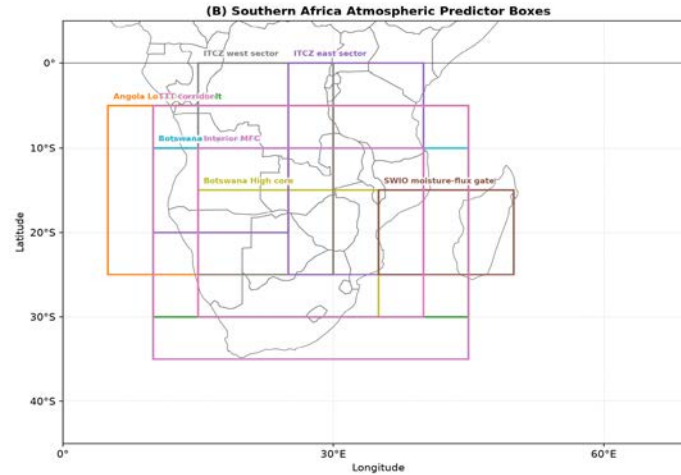

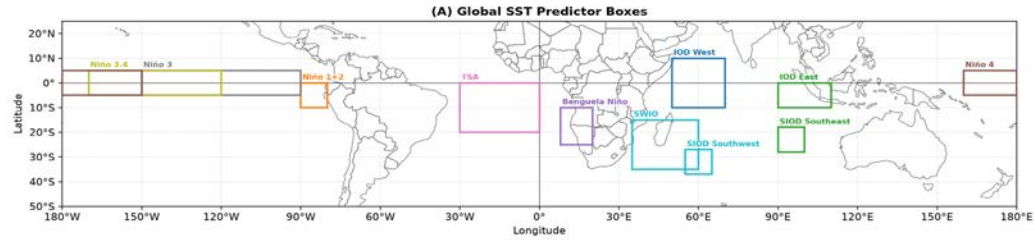

Outline

- State of climate Drivers during the 2025/26 Season
- Rainfall performance for the 2025/26 Season
- Temperature performance for the 2025/26 Season
- Impacts of the 2025/26 Rainfall Season

Climate Driver Performance for 2025/26

SADC-CSC Climate Driver Monitoring Predictor Domains

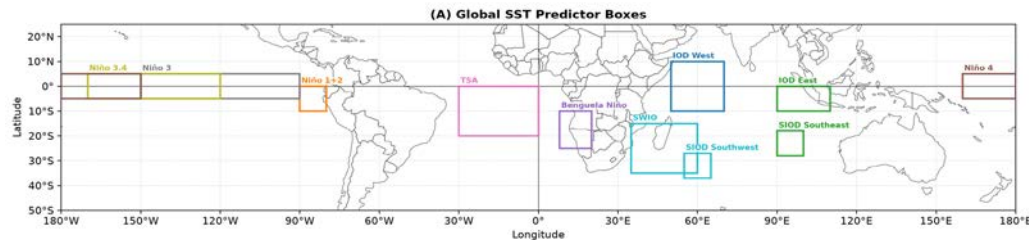

Boxes show the fixed domains used to compute SST and atmospheric predictor indices in the monitoring script.

SADC Climate Services Centre | Climate Driver Monitoring System | Generated June 2026.

Climate Driver Performance for 2025/26 – spatial global SSTs

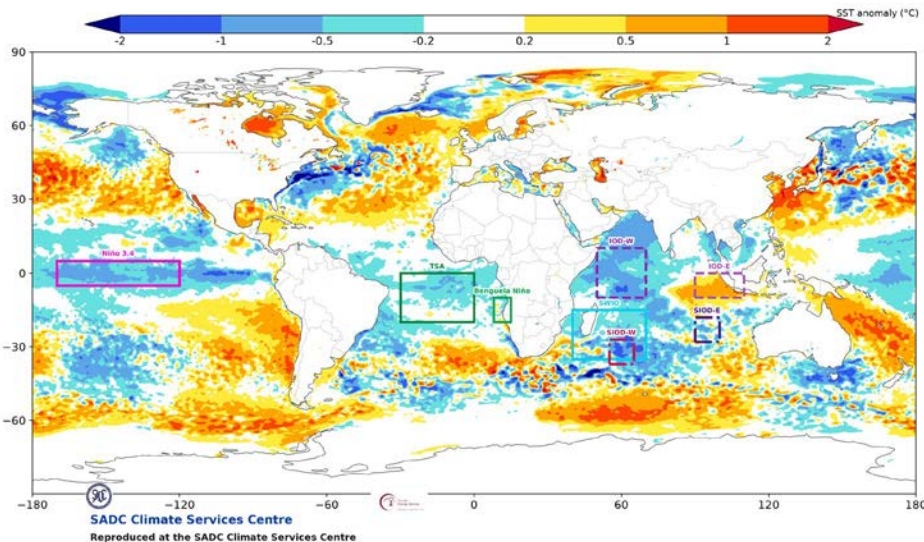

SADC CSC observed SST monitoring

Observed 3-month mean SST anomaly relative to 1991-2020

Trend removed: linear monthly SST trend removed to reduce climate change effects (reference year: 2005.5)

OND 2025

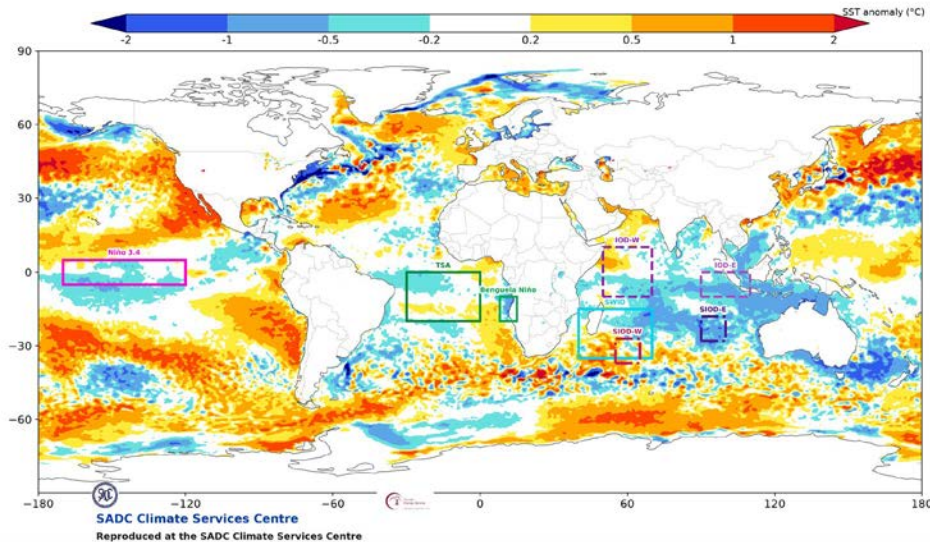

SADC CSC observed SST monitoring

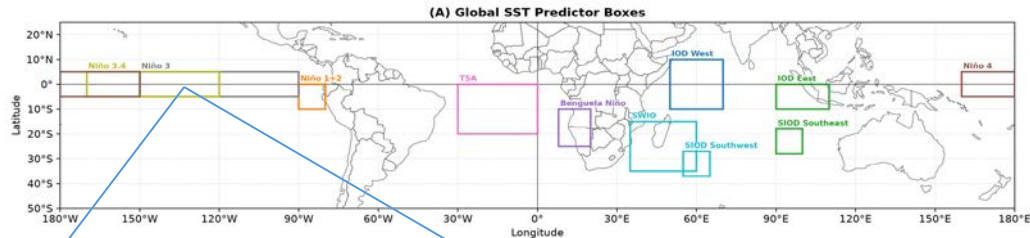

Observed 3-month mean SST anomaly relative to 1991-2020

Trend removed: linear monthly SST trend removed to reduce climate change effects (reference year: 2005.5)

JFM 2026

Climate Driver Performance for 2025/26 - Pacific

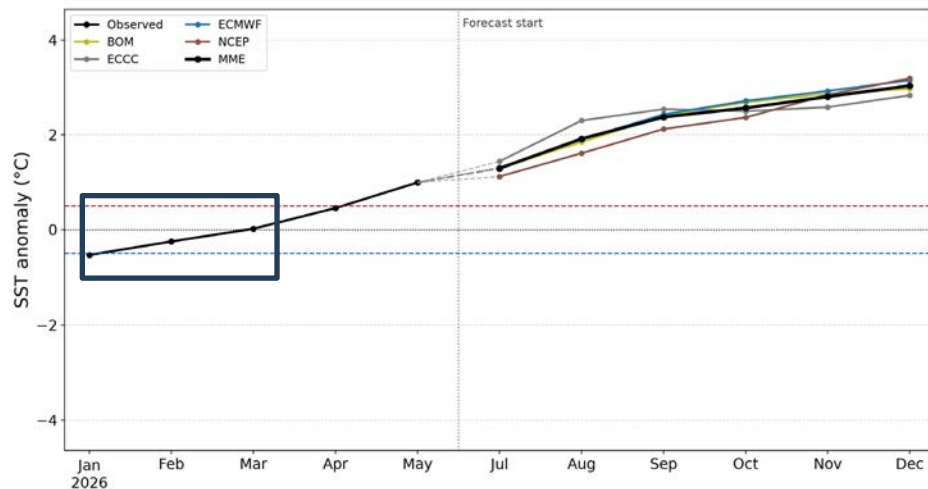

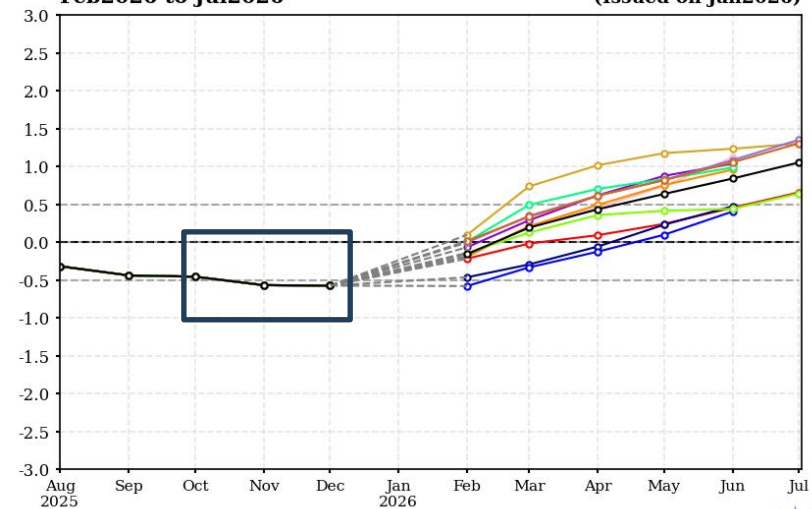

Forecast of Nino3.4
Feb2026 to Jul2026

(Issued on Jan2026)

Forecast of NINO34
Jul2026 to Dec2026

Models: BOM, ECCC, ECMWF, NCEP

(Issued on Jun2026)

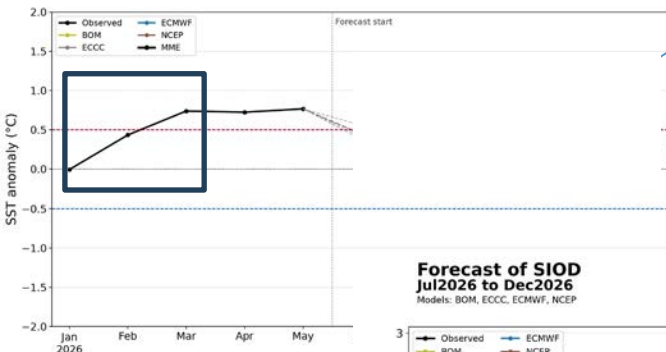

Climate Driver Performance for 2025/26 - Indian

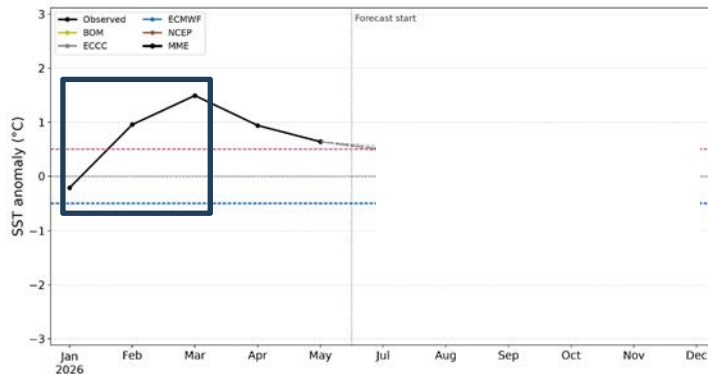

Forecast of SWIO Jul2026 to Dec2026

Models: BOM, ECCO, ECMWF, NCEP

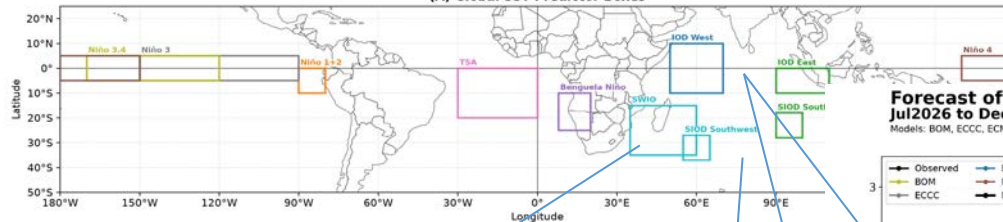

Forecast of SIOD Jul2026 to Dec2026

Models: BOM, ECCO, ECMWF, NCEP

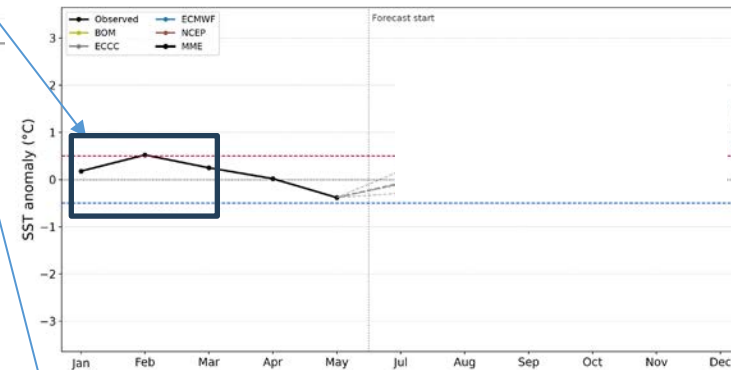

(A) Global SST Predictor Boxes

Forecast of IOD DMI Jul2026 to Dec2026

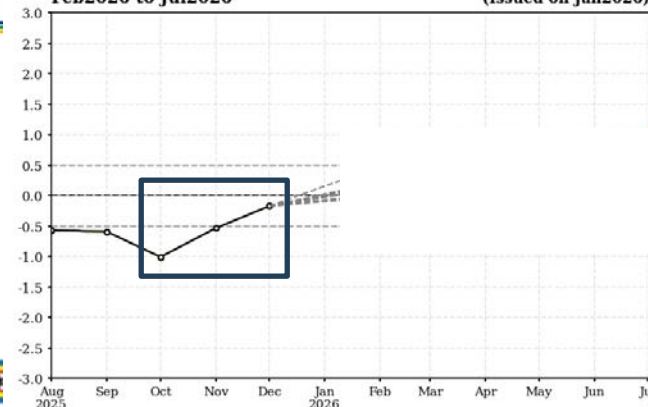

Models: BOM, ECCO, ECMWF, NCEP

(Issued on Jun2026)

Forecast of DMI(the Indian Ocean Dipole Mode Index) Feb2026 to Jul2026

(Issued on Jan2026)

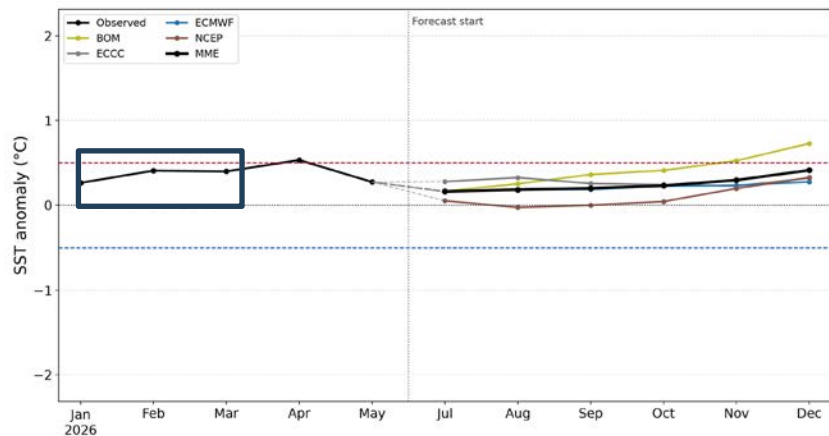

Climate Driver Performance for 2025/26 - Atlantic

Forecast of TSA
Jul2026 to Dec2026
Models: BOM, ECCC, ECMWF, NCEP

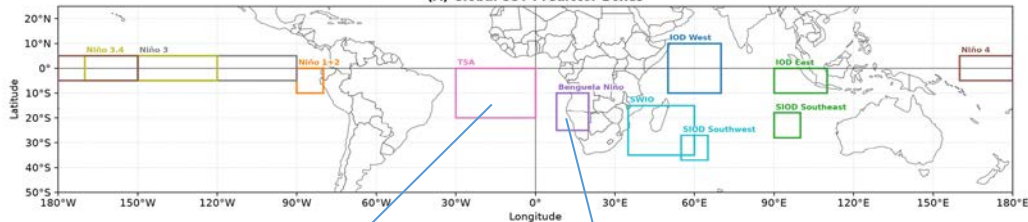

(Issued on Jun2026)

SADC Climate Services Centre
Reproduced at the SADC Climate Services Centre

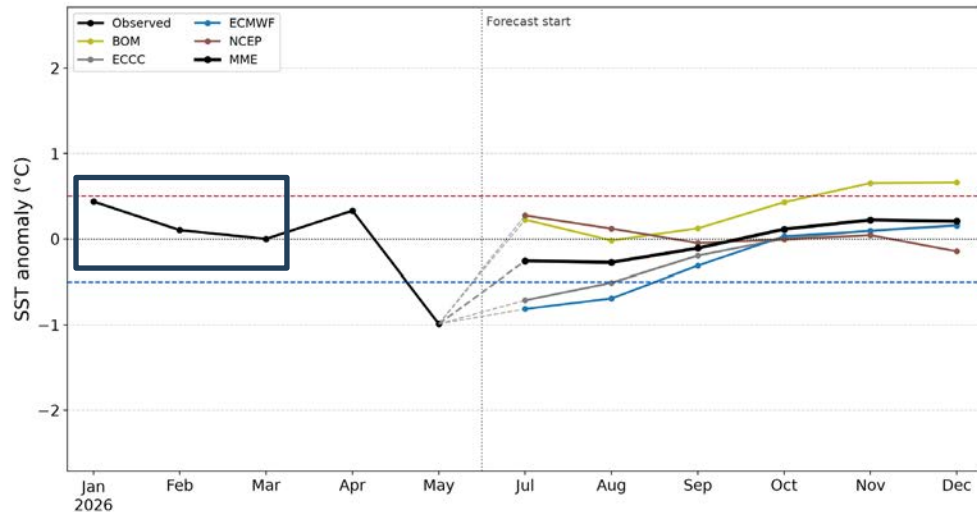

(A) Global SST Predictor Boxes

Forecast of BENGUELA
Jul2026 to Dec2026
Models: BOM, ECCC, ECMWF, NCEP

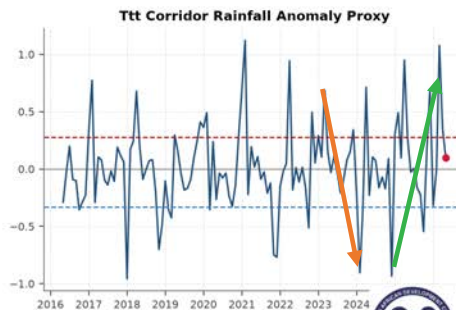

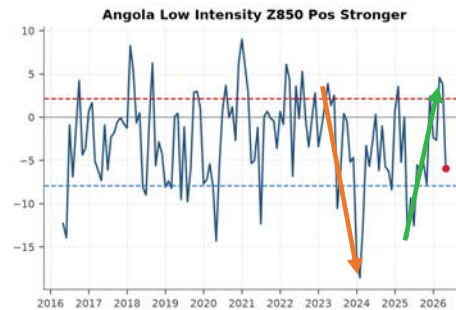

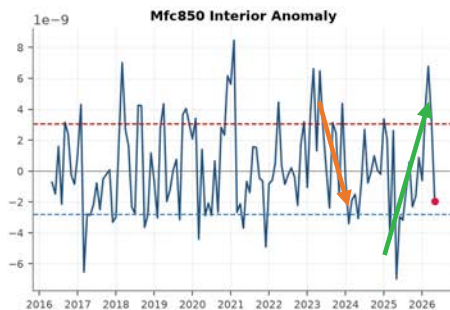

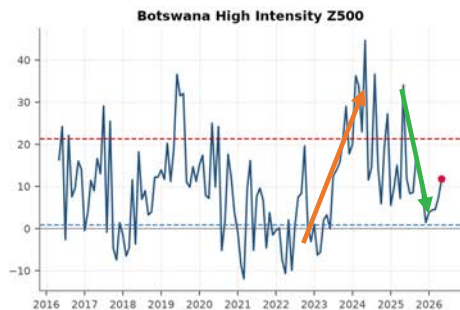

(Issued on Jun2026)

SADC Climate Services Centre
Reproduced at the SADC Climate Services Centre

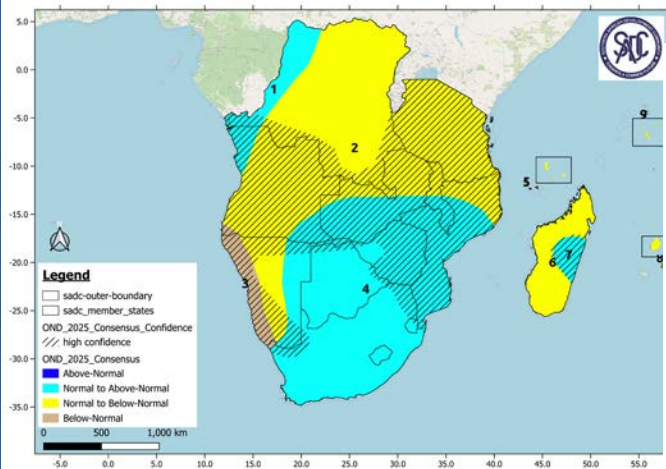

Atmospheric Driver Performance for 2025/26

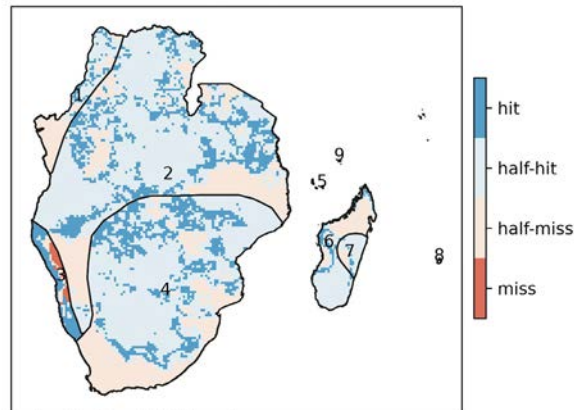

Last 10 years | Dashed lines show lower and upper phase thresholds
SADC Climate Services Centre | Climate Driver Monitoring System | Generated June 2026

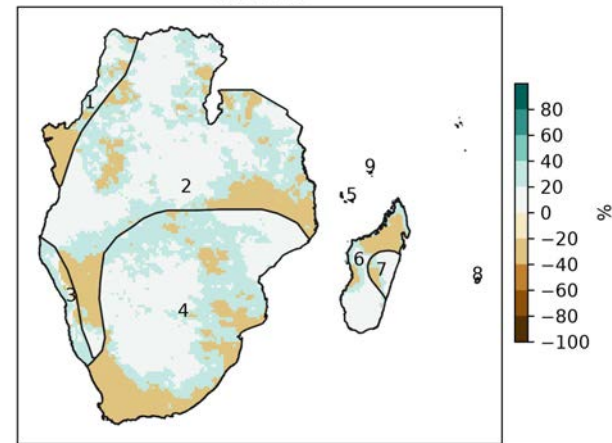

October to December 2025 Season

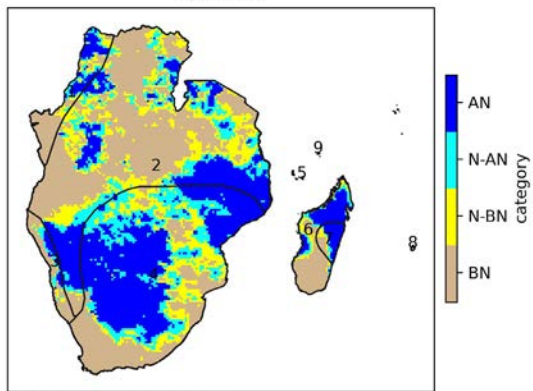

Hit/miss (for CEM categories)
OND-2025

Interest rate score (for terciles)
OND-2025

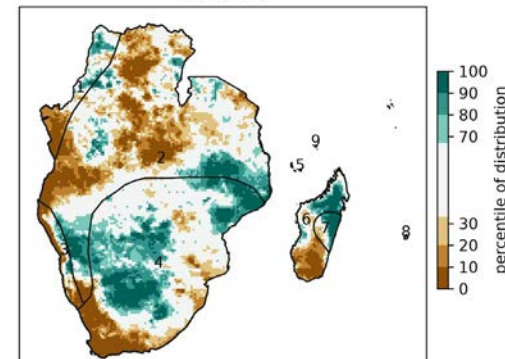

Observed rainfall categories
OND-2025

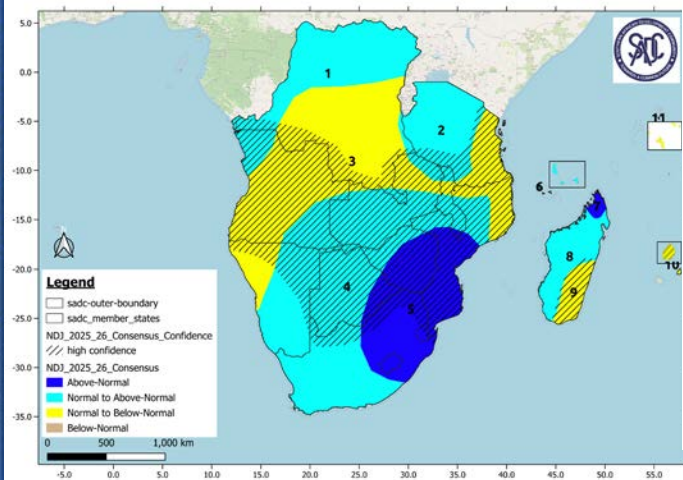

Hits/misses (CEM categories) in zones
OND 2025

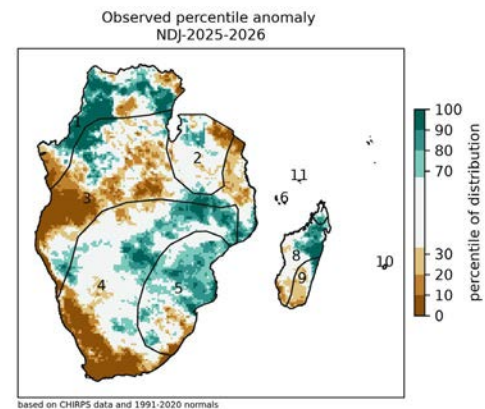

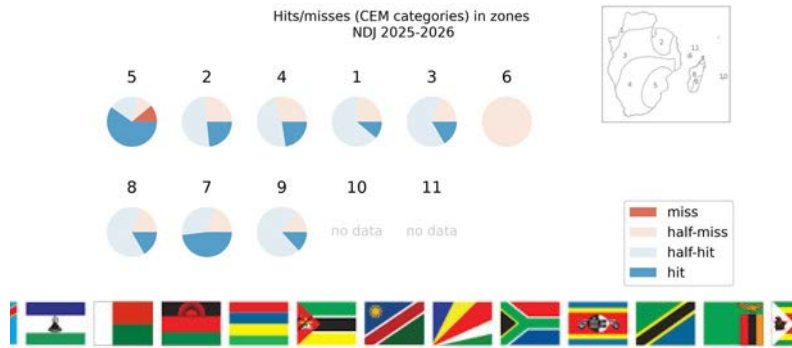

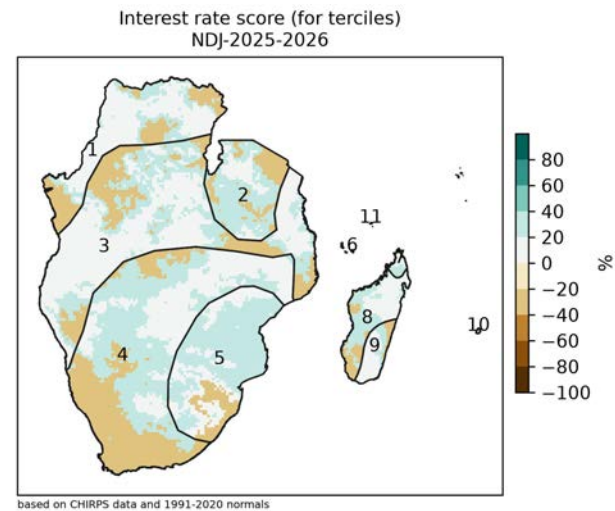

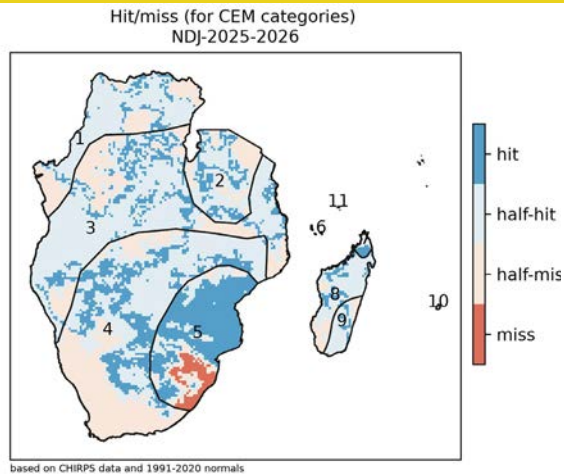

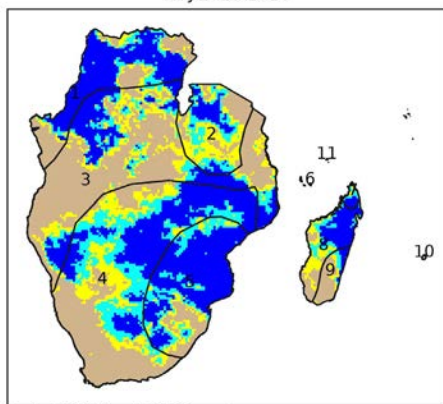

Observed percentile anomaly
OND-2025

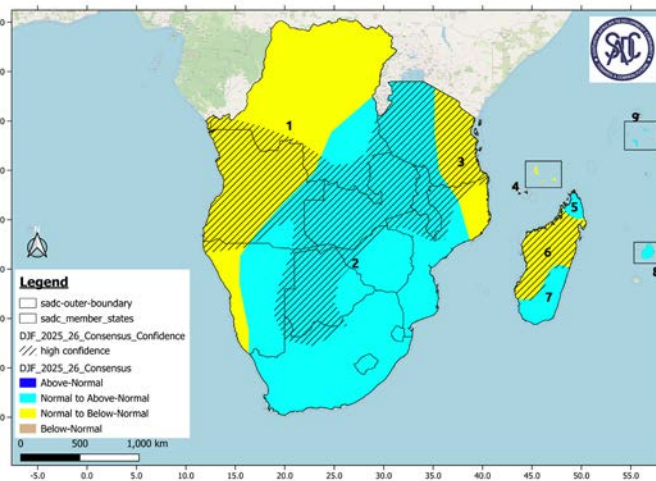

November to December 2025 and January 2026 Season

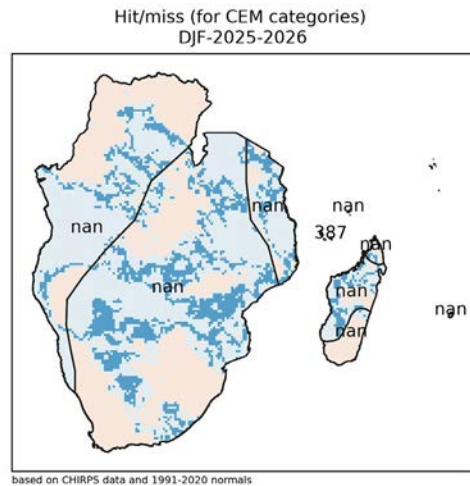

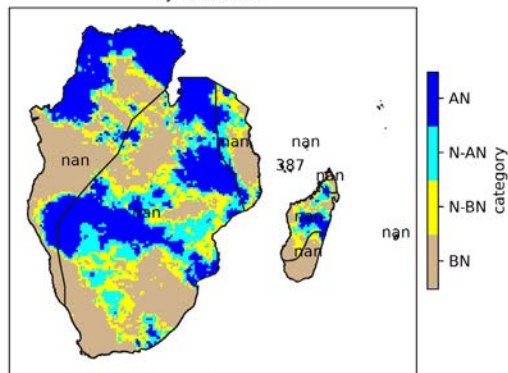

Observed rainfall categories
NDJ-2025-2026

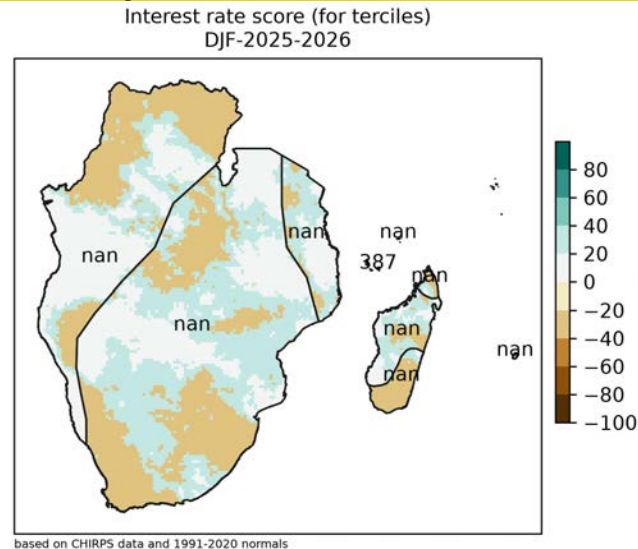

December 2025 to January and February 2026 Season

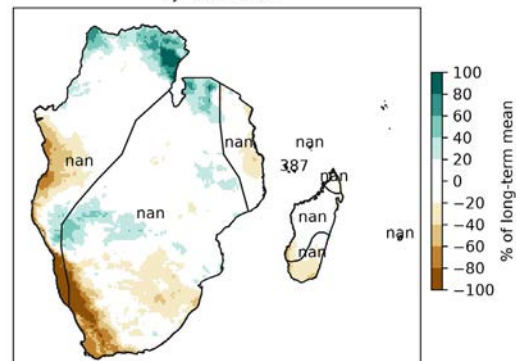

Observed rainfall categories
DJF-2025-2026

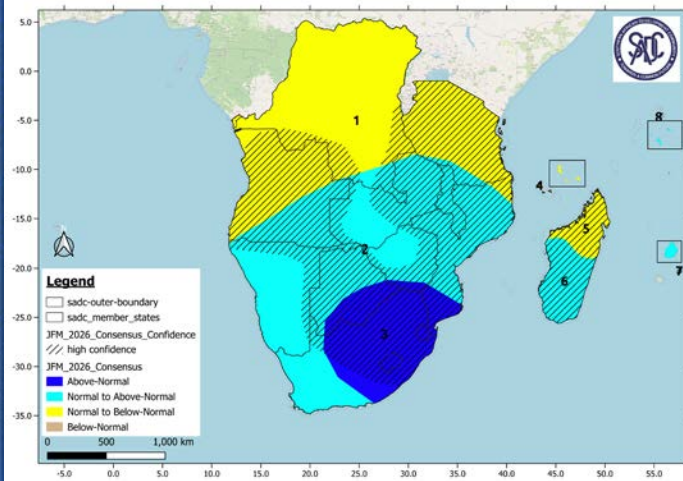

Hits/misses (CEM categories) in zones
DJF 2025-2026

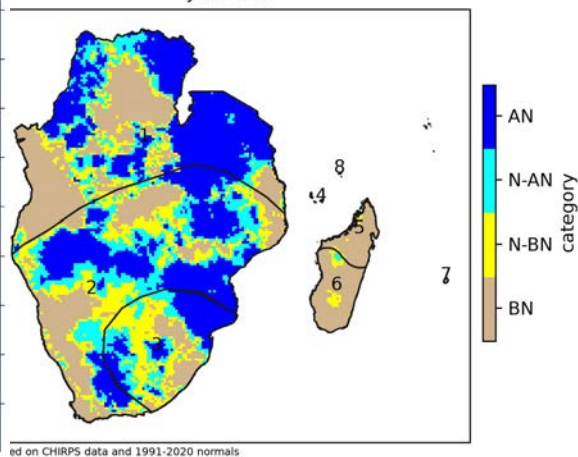

Observed relative anomaly
DJF-2025-2026

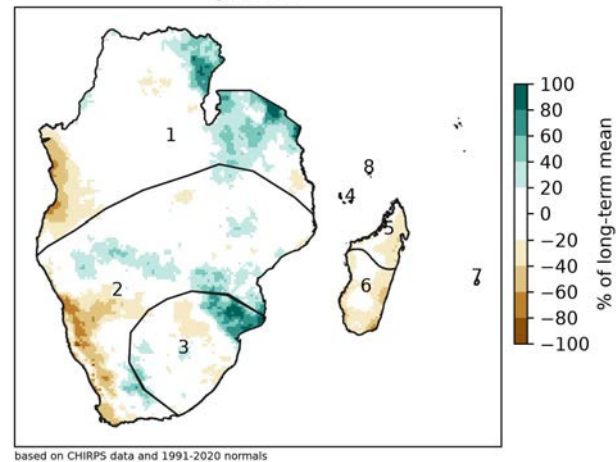

January to March 2026 Season

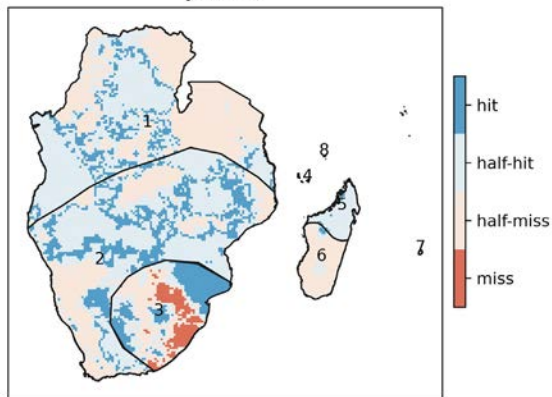

Observed rainfall categories
JFM-2026

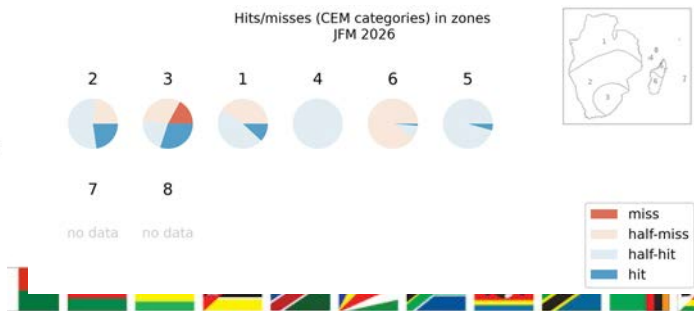

Observed relative anomaly
JFM-2026

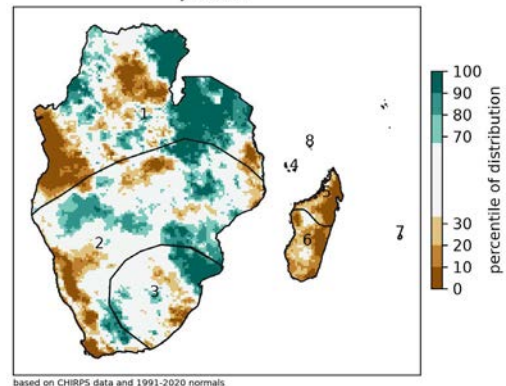

Hit/miss (for CEM categories)
JFM-2026

Hits/misses (CEM categories) in zones
JFM 2026

Observed percentile anomaly
JFM-2026

Impacts of the 2025/26 Season

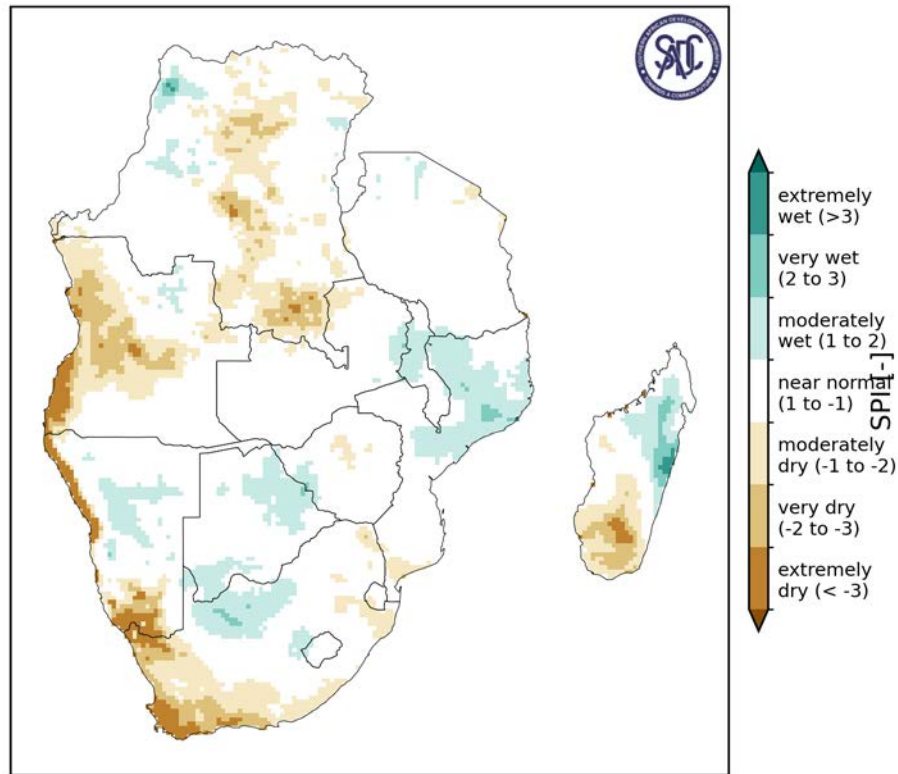

- Water – Dam levels:
- Energy:
- Crops:
- Livestock:
- Health:
- Livelihood:

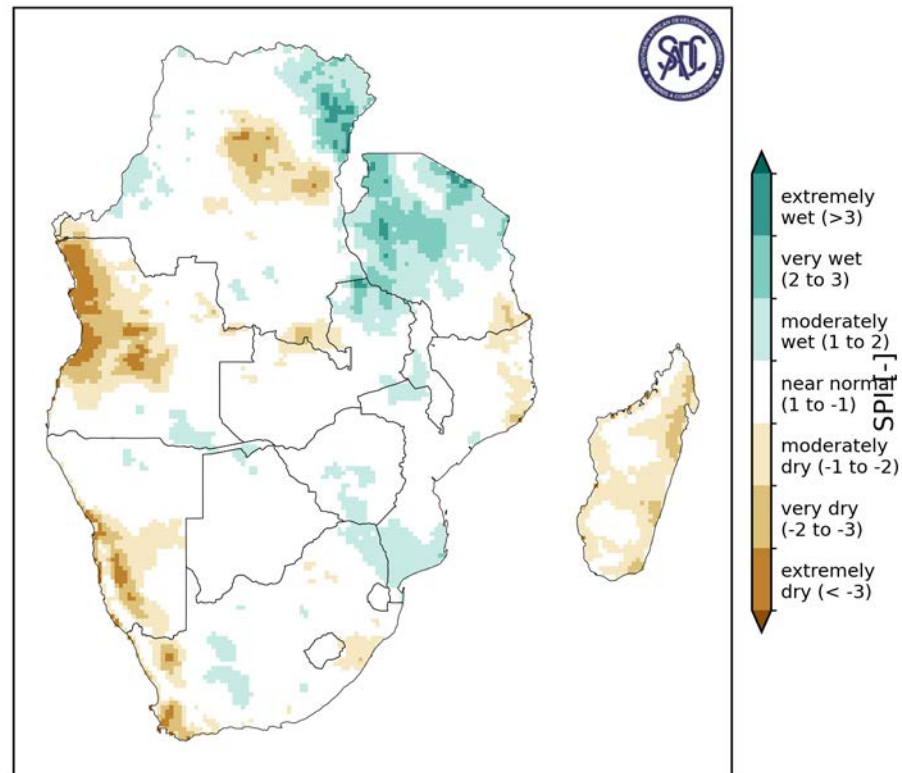

Drought indicator (SPI3)

Recorded 3-month Standardized Precipitation Index (SPI)
Dec 2025

Data source: CHIRPS v2.0
Climatological period: 1991-2020

Recorded 3-month Standardized Precipitation Index (SPI)
Mar 2026

Data source: CHIRPS v2.0
Climatological period: 1991-2020

Thank for Your Attention

Merci
Obbrigado
Asante
